PROFILE

Flutter Developer **delivering 30+ high-performance mobile applications, including 40+ deployments** on the Google Play Store and App Store through **white-labeled versions**. Specializes in building scalable, **secure**, and maintainable apps using **Clean Architecture**, **MVVM**, and **BLoC/Cubit**. Committed to writing clean code following **SOLID** principles and leveraging proven design patterns. Experienced in cross-industry integrations, including POS systems, vending machines, and real-time communication using **WebSocket**. Proficient in **CI/CD**, white-labeling, and security best practices.

SKILLS

Technical Skills:

- Architectures patterns, SOLID, Design Patterns, Flutter Security, CI/CD, Fastlane, Firebase, WebSocket, Git, Agile, Jira, Sentry

Soft Skills:

- Leadership, Problem-Solving, Attention to Detail, Creative Thinking, Highly Organized, Collaborative

EXPERIENCE

SAFEERSOFT | Amman, Jordan

Feb 2024 – Present

Flutter Developer

- Delivered and developed **19+ applications** across POS, e-commerce, HR, field sales, IoT, veterinary healthcare, and fitness wellness platforms, delivering **27+ white-labeled** versions for diverse clients
- Built POS system with **NFC** support for **multiple hardware vendors** and **IoT** vending machine controller using **MDB** protocol
- Implemented **Security** best practices including SSL pinning, encryption, jailbreak detection, and secure storage to protect user data
- Developed **generate_clone** and **automate** (CI/CD, Fastlane Integrated) packages that reduced repetitive coding tasks by **60%**
- Developed **E-commerce** integrating **Google Maps**, **geolocation services**, **multi-vendor checkout**, and **order tracking**.
- Architected **field sales** app with **Bluetooth printer** integration, **offline-first architecture**, and **real-time** warehouse inventory sync
- Built **Veterinary** marketplace with **appointment** booking, **Google Maps** clinic locator, pet records, **E-commerce** shop, and **multi auth**.
- Built **HR system** with **push notifications**, location-based attendance tracking, and automated payroll processing for leaves, and overtime
- Applied **Cubit** for state management, **repository** pattern, and **dependency injection**, cutting code duplication by **40%**

INNOVCORES | Amman, Jordan

May 2025 – Oct 2025

Flutter Developer (Part-Time)

- Architected** charity donation app with e-commerce flavor using **MVVM** with **Cubit** state management for **15+ feature modules**.
- Built **product catalog** with **dynamic search**, **filtering**, and **donation basket** with **real-time** state synchronization
- Implemented **repository pattern** with **Dio** for API integration and **GetIt** for **dependency injection** maintaining layer separation
- Integrated **Firebase Authentication** with **secure token management** using flutter_secure_storage and session persistence

ALGEBRA INTELLIGENCE | Amman, Jordan

Oct 2023 – Dec 2023

Flutter Consultant (Part-Time)

- Collaborated with a cross-functional team in an **Agile** environment, using **Jira** for project management.
- Contributed the development of a feature-rich **Admin Panel** with Computerized Maintenance Management Software.
- Automated asset management, facilitate service planning, and track maintenance requests.
- Implemented **Responsive** design principles to ensure optimal user experiences across various devices and screen sizes.
- Conducted code reviews and provided technical guidance to ensure high-quality code and maintainable solutions.

BADEE TECHNICAL SOLUTIONS | BTS Amman, Jordan

Dec 2022 – Dec 2023

Flutter Developer

- Contributed to software development projects, ensuring their successful execution and delivery.
- Employed modern software development patterns and principles to build robust and maintainable applications.
- Focused on **user experience** by enabling **offline functionality** and ensuring data **synchronization** between remote **APIs** and **local storage**.
- Developed features to facilitate comprehensive reporting and user feedback, enhancing user interaction.

INVOLVEMENT

Technical Committee Leader, Tafila University	2023	Administrative Board Member,	Dec 2022 – Sep 2023
Academic Committee Leader, Tafila University	2023	Ambassador, SHAI For AI	2022
Tutor & Teacher Assistant, Tafila University	2022	Former Member, IEEE	2020 - 2022
